

Declaration of Compliance – Paper Straws

Description

Date	09/11/2022
Product	Paper based straws packed in loose and wrapped formats for multiple sectors. The intended use is for food beverage – direct short duration contact – typically for cold drinks.
Materials	Paper, ink (multiple colours), varnish and adhesive <i>No post-consumer recycled materials are used in the manufacture and conversion of these products.</i>
Process	Printing, slitting and winding of components to produce a paper straw in range of diameter and length. Individual straw could be wrapped (crimped, sealed). Based on this process the characteristic of raw materials remain unchanged and as a result the declarations of our suppliers will be carried out forward to consumers.

EU Regulations/Directives/National Guidance

All straw produced by Intrinsic Paper Straws are manufactured on own site under established food packaging standard and meets the relevant requirements laid down by:

1935/2004	Food Contact Materials Regulations (2004)
2023/2006	Good Manufacturing Practice for Materials & Articles Intended to Come Into Contact with Food (2006) <i>Relevant amendments: 282/2008</i>
2004	The Materials and Articles in Contact with Food (England) Regulations 2012
2019	The Materials and Articles in Contact with Food (EU Exit) Regulations (2019)
